Primary contact person’s email address: [Click here to enter text.](#)

Primary contact person’s phone number, area code first: [Click here to enter text.](#)

Secondary contact person: [Click here to enter text.](#)

Secondary contact person’s title: [Click here to enter text.](#)

Secondary contact person’s email address: [Click here to enter text.](#)

Secondary contact person’s phone number, area code first: [Click here to enter text.](#)

County District Number (if applicant is a Texas public school): [Click here to enter text.](#)

Superintendent (if applicant is a Texas public school): [Click here to enter text.](#)

Date of local board of trustees’ approval of this innovative course application (if applicant is a Texas public school): [Click here to enter text.](#)

Course Information

- Subject area (choose only one): Choose an item.
- Career cluster (CTE only): Choose an item.
- Number of credits per course: Choose an item.
- Grade level(s) (high school only): Click here to enter text.

Brief description of the proposed course (150 words or less, paragraph form):

The description should be a paragraph response that effectively summarizes the course content and goals as aligned to the essential knowledge and skills section. Only comment on the course. Do not comment on programs, pathways, or marketed material. The following questions are intended to guide the response:

- *Who are the recommended participants?*
- *What is the central focus of the proposed course?*
- *What are the goals or student outcomes of the proposed course?*

Brief justification of how/why the proposed course qualifies as “innovative” in terms of student need. (150 words or less, paragraph form):

The justification summarizes the need for the course in terms of the student and provides an overview of the unique content of the course. Only comment on the course. Do not comment on programs, pathways, or marketed material. The following questions are intended to guide the response:

- *What do students learn in the proposed course that is not taught or could not reasonably be taught in an existing TEKS-based course?*
- *What is the specific benefit to the student in successfully completing the proposed course (e.g., industry certification)?*
- *What specific need(s) does this course address?*

2026-2027 Innovative Course Application – Renewal

Course Data –Renewals

Data or other evidence that demonstrates evidence of the continued successful implementation of the course. Data and descriptive information should be provided below.

Data or other evidence that demonstrates successful piloting of the entire course. Data and descriptive information should be provided below. Only comment on the course. Do not comment on programs, pathways, or marketed material.

Cited evidence should include statewide course enrollment numbers and student outcomes for at least one local education agency (LEA) implemented course. Enrollment data for existing courses up for renewal can be found on [TEA's website](#).

Regional Labor Market Data - CTE Courses Only

PLEASE NOTE: This section is for career and technology education (CTE) courses only.

Applicants must include cited evidence that the course is aligned with [state and/or regional labor market data](#). Please submit this data below.

2026-2027 Innovative Course Application – Renewal

Essential Knowledge and Skills for the Proposed Course:

Knowledge and skills that duplicate the content of a TEKS-based course or can reasonably be taught within an existing TEKS-based course will not be approved. Please refer to the application instructions and guidance slide deck for assistance in completing this section.

Format guide: Applicants may wish to use the styles [“Section (a, b, c)”]; “KS (1, 2, 3)”]; and “SE (A, B, C)” in styles menu] provided with this document to make the formatting process simpler. Please note, file sharing applications may delete or modify styles and any formatting added to this document.

Note: Proposed CTE course applications must address professional standards/employability skills as required by business and industry as the first knowledge statement (KS).

Note: Proposed ethnic studies course applications must include content in history, government, economics, civic engagement, culture, and science and technology.

- (a) General Requirements. This course is recommended for students in [insert grade levels entered on page 1]. Recommended prerequisites: [list any TEKS-based or innovative courses that would ensure student success in the proposed course]. Students shall be awarded [insert number of credit(s) entered on page 1] for successful completion of this course.
- (b) Introduction.
 - (1) [Include in the introduction the brief description of the course that you created on page 2 of this application form.]
 - (2) [Optional: Discuss how the proposed course aligns with or complements the required curriculum. This should mirror the introduction of the content area, if any, selected on page 1. Please refer to similar TEKS of the content area for guidance.]
 - (3) Statements that contain the word "including" reference content that must be mastered, while those containing the phrase "such as" are intended as possible illustrative examples.
- (c) Knowledge and Skills.
 - (1) [Write the first knowledge and skills statement (KS) here.] The student is expected to:
 - (A) [Write the first student expectation (SE) here.]

2026-2027 Innovative Course Application – Renewal

Recommendations for new proposed innovative course

List five to ten. The recommended resources, technology, and instructional materials should:

- be currently available to the general public, accessible, and helpful for students to learn the proposed content;
- provide a variety of sources to include media beyond textbooks, such as industry manuals, periodicals, and online sources; or
- integrate the use and/or application of technology.

If the resource is published, a full bibliographic citation using Chicago Manual of Style, 18th Edition is required. General or generic resources may be listed in bullet form.

Please note that all listed resources must be submitted with the application to make them available for State Board of Education (SBOE) review. Guest access to any online course and learning management system content must be provided. If any resources are required for the course, please include the cost.

Access to electronic materials

Directions for electronic access of recommended resources, including credentials, must be emailed with the application submission by **Friday, September 12, 2025**.

Digital materials (Soft copy)

Please send digital copies of recommended resources innovative.courses@tea.texas.gov by **Friday, September 12, 2025**.

Print materials (Hard copy)

For materials that exist in hard copy, please use the following address for submission. Please ensure any shipments can be received by TEA no later than **Friday, September 12, 2025**. Please also alert TEA if you have shipped any materials and the shipping method used so that the mailroom can be properly notified.
