	•
Goals, Objectives, and Strategies (Foo	us Area 2)

Describe the major goals/objectives of the proposed program. What activities/strategies will be implemented to meet those goals/objectives?

Major Goals and Objectives of the Proposed Program: The primary aim of the Hotel Camp is to offer students insights into Lodging and Resort Management occupations, fostering an understanding of various career paths within the hotel industry. This aligns with THLA's broader goal of increasing exposure to diverse and dynamic careers in the field. The hotel industry presents numerous opportunities, including roles in Accounting, Executive Office, Food and Beverage, Human Resources, Guest Services, Sales and Marketing, Property Management, Security, and Engineering. The Hotel Summer Camp endeavors to equip students with the ability to describe diverse career opportunities within the Hotel Industry, undergo Texas Friendly Customer Service training, comprehend postsecondary education options enhancing career growth, and exhibit appropriate interaction in professional settings and business dinner etiquette.

Program Objectives:

Expand Work-Based Learning (WBL) experiences to industry careers for PfISD CTE students.

Bridge the gap between high school coursework and firsthand, hands-on, well-rounded, and diverse knowledge of the

Activities and Strategies:

To achieve these objectives, the program will implement various activities and strategies, including presentations by Hotel General Managers, an industry overview, a Hotel Department Manager panel, a resort property tour, sessions on dinner and business etiquette, Texas Friendly Customer Service training, SMART goal-setting seminars, effective communication seminars, and targeted recruitment focusing on students currently enrolled in related CTE courses, encouraging completion of related CTE Pathways.

It's worth noting that the leisure and hospitality sector contributed significantly to Texas GSP in 2016, amounting to \$57.9 billion, nearly 4 percent of the total. Accommodation and food services played a pivotal role, contributing \$47.4 billion and providing 89% of all jobs in the industry. The Austin market, as per the U.S. Bureau of Labor Statistics, demonstrated the strongest growth among Texas Metropolitan areas.
