Certification and Incorporation Statement

I hereby certify that the information contained in this application is, to the best of my knowledge, correct and that the organization named above has authorized me as its representative to obligate this organization in a legally binding contractual agreement. I further certify that any ensuing program and activity will be conducted in accordance with all applicable Federal and State laws and regulations; application guidelines and instructions; the general provisions and assurances, debarment and suspension certification, lobbying certification requirements, special provisions and assurances, and the schedules submitted. It is understood by the applicant that this application constitutes an offer and, if accepted by the Texas Education Agency or renegotiated to acceptance, will form a binding agreement.

2024-2026 Grow Your Own High School Education and Training

Program Description PS3013 - Program Plan

A. Standard Statutory/Program Assurances

1. The following assurances apply to this program. In order to meet the requirements of the program, the applicant must comply with these assurances. Selecting all assurances is required.

- The applicant provides assurance that program funds will supplement (increase the level of service), and not supplant (replace) state mandates, State Board of Education rules, and activities previously conducted with state or local funds. The applicant provides assurance that state or local funds may not be decreased or diverted for other purposes merely because of the availability of these funds. The applicant provides assurance that program services and activities to be funded from this LOI will be supplementary to existing services and activities and will not be used for any services or activities required by state law, State Board of Education rules, or local policy.
- The applicant provides assurance that the application does not contain any information that would be protected by the Family Educational Rights and Privacy Act (FERPA) from general release to the public.
- The applicant provides assurance to adhere to all the Statutory and TEA Program requirements as noted in the 2024-2026 Grow Your Own Education and Training for High School Pathways Program Guidelines.
- The applicant provides assurance to adhere to all the Performance Measures, as noted in the 2024-2026 Grow Your Own Education and Training for High School Pathways Program Guidelines, and shall provide to TEA, upon request, any performance data necessary to assess the success of the program.
- The applicant assures that any Electronic Information Resources (EIR) produced as part of this agreement will comply with the State of Texas Accessibility requirements as specified in 1 Texas Administrative Code (TAC) 206, 1 TAC Chapter 213, Federal Section 508 standards, and the Web Content Accessibility Guidelines (WCAG) 2.0 level AA.

B. TEA Program Assurances Regarding the Memorandum of Understanding

1. The following assurances apply to this program. In order to meet the requirements of the program, the applicant must comply with these assurances. Selecting all assurances is required.

- a. By May 31, 2024, the LEA must have a signed letter of commitment or MOU for all Education & Training teachers that receive a stipend through the Grow Your Own Grant. At minimum, the MOU should include the following: i. Grant assurances listed under "2. Education and Training Course Implementation" and "3. Education and Training Supports" ii. Agreement to serve as an Education and Training teacher of record for the full two-year grant timeline iii. Total stipend amount that the teacher will receive iv. Stipend payment schedule (disbursed over the two-year grant timeline and no earlier than Fall 2024) and payment process for the teacher recipient
- b. If using grant funding for field site teacher stipends, the LEA must have a signed agreement for all field site teachers that receive a stipend through the Grow Your Own Grant.
- c. If implementing dual credit Education and Training courses, by May 31, 2024, the LEA must have a signed letter of commitment or MOU for the partnering Institution of Higher Education (IHE). At minimum, the MOU should include the following: i. Grant assurances listed under "2. Education and Training Course Implementation" and "3. Education and Training Supports" ii. Length of agreement for IHE partnership
- d. The LEA will retain documentation locally of each MOU and submit it to TEA upon request.

C. TEA Program Assurances Regarding the Education and Training Course Implementation (must be included in MOUs)

1. The following assurances apply to this program. In order to meet the requirements of the program, the applicant must comply with these assurances. Selecting all assurances is required.

- a. The LEA assures that each high school campus within the participating LEA will implement at least the Instructional Practices and/or Practicum courses in the Education and Training course sequence in 2024-2025, and at least both stated courses in 2025-2026, with the teachers receiving the stipend as teachers of record for both courses or either course. i. For example, the LEA selects an eligible, non-dual credit Education and Training teacher to receive a stipend through the Grow Your Own grant. The LEA pays the teacher a stipend disbursed over the two-year grant timeline starting in Fall 2024. The teacher stipend recipient serves as the teacher of record for Instructional Practices in 2024-2025 and both Instructional Practices and Practicum in 2025-2026.
- b. To receive a stipend for teaching dual credit, an Education and Training teacher must hold a master's degree in an education-related field and be the teacher of record for at least one dual credit course section in 2024-2025 and two dual credit course sections in 2025-2026 within the Education and Training course sequence.
- c. All LEA high schools must establish and/or grow a chapter of a Career and Technical Student Organization (CTSO) that supports the Education and Training career cluster through either the Texas Association of Future Educators (TAFE) or Family, Career and Community Leaders of America (FCCLA) and participate in at least one competitive event per year.

2024-2026 Grow Your Own High School Education and Training

Program Description PS3013 - Program Plan

D. TEA Program Assurances Regarding Education and Training Supports (must be included in MOUs)

1. The following assurances apply to this program. In order to meet the requirements of the program, the applicant must comply with these assurances. Selecting all assurances is required.
- a. The LEA assures that all LEA high schools participate in a TEA-led virtual workshop in Summer 2024. All Education and Training teacher stipend recipients, principals, counselors, and LEA grant managers must attend. Participants who attended any previous Grow Your Own Summer Institutes must still attend.
 - b. The LEA assures that each Education and Training teacher stipend recipient will pilot the TEA Education and Training curriculum. If they are using a dual credit or different high-quality curriculum, the LEA must provide the corresponding scope and sequence(s) and/or evidence of course offerings.
 - c. The LEA assures that each Education and Training teacher stipend recipient will receive TEA implementation supports and coaching by participating in online collaborative communities to be scheduled by TEA, not to exceed 6 hours per semester.
 - d. The LEA assures that Education and Training teacher stipend recipients participate in surveys and, if requested, focus groups not to exceed 1 hour per semester and administered by TEA to receive input on the Education and Training programming.
 - e. LEA grant managers shall support Practicum in Education and Training implementation, including but not limited to student scheduling, identifying field sites and field site teachers, and coordinating student transportation to field sites.

E. TEA Program Assurances Regarding Performance Reporting

1. The following assurances apply to this program. In order to meet the requirements of the program, the applicant must comply with these assurances. Selecting all assurances is required.
- a. LEAs shall develop a marketing and recruitment plan to increase enrollment in high school Education and Training courses. Upon request, all LEA high schools will submit their plan for marketing and student recruitment to TEA each year.
 - b. The LEA must, upon request, submit reports on progress towards performance measures to TEA. If requested, LEAs must participate in focus groups and surveys to give input on the Education and Training programming.
 - c. By May 31, 2024, all grant-funded teachers must be identified and submitted to TEA.

F. TEA Program Assurances Regarding Amendments (See the General and Fiscal Guidelines, Amending the Application)

1. The following assurances apply to this program. In order to meet the requirements of the program, the applicant must comply with these assurances. Selecting all assurances is required.
- a. If a teacher is unable to continue with the grant program, LEAs must file an application amendment and provide TEA with an update of the new amount of teacher stipend recipient(s) within 30 days of notification.
 - b. LEAs must file application amendments within 7 days of a request from TEA.

G. TEA Program Assurances Regarding Eligibility Requirements of Stipend Recipients

1. The following assurances apply to this program. In order to meet the requirements of the program, the applicant must comply with these assurances. Selecting all assurances is required. The LEA assures that it will select stipend recipients according to the following eligibility requirements:
- 1. Non-dual credit teachers of record for Principles of Education and Training, Instructional Practices, and/or Practicum in Education and Training a. Teachers must hold a standard or life teacher certificate in the state of Texas (note: any Texas teaching certificate qualifies teachers to teach Principles of Education and Training, Instructional Practices, and Practicum in Education and Training). b. As of the grant start date (June 1, 2024), teachers must have been employed as a teacher within the eligible LEA during the 2023-2024 school year; participants may not be new employees of the LEA in the 2024-2025 school year. c. Teachers must show measurable evidence of student achievement within a diverse student population. d. Teachers must attend the TEA-led Summer 2024 Grow Your Own Grant workshop, implement the TEA Education and Training curriculum (unless provided evidence of other high-quality curriculum), and participate in online collaborative communities.
 - 2. Dual credit teachers of record who teach Instructional Practices and/or Practicum in Education and Training a. Teachers must hold a standard or life teacher certificate in the state of Texas (note: any Texas teaching certificate qualifies teachers to teach Principles of Education and Training, Instructional Practices, and Practicum in Education and Training). b. As of the grant start date (June 1, 2024), teachers must have been employed as a teacher within the eligible LEA during the 2023-2024 school year; participants may not be new employees of the LEA in the 2024-2025 school year.
 - 2. Dual credit teachers of record who teach Instructional Practices and/or Practicum in Education and Training c. Teachers must show measurable evidence of student achievement within a diverse student population. d. Teachers must attend the TEA-led Summer 2024 Grow Your Own Grant workshop, implement the TEA Education and Training curriculum (unless provided evidence of other high-quality curriculum), and participate in online collaborative communities. e. Teachers receiving the dual credit stipend must hold a master's degree with 18 credit hours in education and be able to be approved by the partner IHE as a dual credit instructor.
 - 3. Education and Training field site teachers a. Teachers who, along with the Education and Training stipend teacher recipient, jointly directs and supervises high school Education and Training students participating in Instructional Practices and/or Practicum in Education and Training courses. b. Teachers must show measurable evidence of student achievement within a diverse student population.

2024-2026 Grow Your Own High School Education and Training

Program Description PS3014 - Program Narrative

Please include complete responses for each question below.

A. Summary of Program

1. Provide an overview of the program to be implemented with grant funds. Include the overall mission and specific needs of the organization. Describe how the Grow Your Own grant will address the LEA's teacher pipeline needs.

Burnham Wood Charter School is applying for this grant to help the growth of our Education and Training CTE pathway in our one high school campus, Da Vinci School for Science and the Arts. We currently provide 2 lower level E&T courses and a dual credit course, but would use this grant to help grow the higher levels of this CTE pathway, especially the Education and Training Practicum with field experience. Burnham Wood Charter School District exists to provide each student the necessary skills needed to reach their fullest academic potential in order that they may actively contribute to the improvement of their community, their country, and the world a whole. There are 3 campuses - 1 HS/MS and two elementary schools. Over 80% of the students served in our district are considered to be at-risk and nearly 60% are identified as Emergent Bilingual. In our community-based and relationship focused model, we provide our students with the supports to be successful in any career path they choose. We have found that many graduates who end up going to local colleges choose to come back and work for our district as tutors while getting their education. With this grant and expanding this pathway, we can bring back our highly motivated and qualified in-house talent, who are generally bilingual (a need of the organization due to the high percentage of EB students), to be teachers for the district.

B. Qualifications and Experience for Key Personnel

1. Outline the required qualifications and experience for primary project personnel and any external consultants projected to be involved in the implementation and delivery of the program. Include whether the position is existing or proposed. Include each of the following individuals and a description of each role: the LEA's grant manager, LEA leaders involved in program implementation, the campus principals, college/career counselors, and teachers of participating Education and Training high schools, and any other personnel responsible for implementation the grant.

LEA's Grant Manager: Chloe Hopkins is the grant manager. She oversees that the objectives of the grant are met on the appropriate timeframe and works with the Superintendent and Finance team to ensure compliance with TEA - existing position.
LEA Leaders: Alejandro Medina is the Primary Assistant to the Superintendent and he oversees curriculum and CCMR programming. He will help with establishing levels 3 and 4 of the pathway with field experience - existing position.
LEA Leaders: Georgina Heras Salas is Coordinator of District Higher Education partnerships and will help with the dual credit opportunities for the pathway - existing position.
Campus Principal: Melissa Longoria is completing her 2nd year as HS principal. She will help support recruitment, scheduling, and oversight of teachers - existing position.
College Counselor: Sylvia Hernandez is the college counselor. She will help students explore this career option and the transition into college with credits received in HS - existing position.
Teacher: Kevin Cunningham is a highly experienced and certified teacher in the state of Texas, currently completing his doctorate in Education so he is certified to teach dual credit - existing position.
Teacher: Norma Martinez is an experienced and certified 9-12th grade math teacher in Texas, currently teaching principles of education - existing position.

2. Please continue the response here if needed. Please enter N/A if the additional space is not needed.

Delia Longoria: Consultant who assists with scheduling to help get the students interested in this career path scheduled correctly - existing position.

2024-2026 Grow Your Own High School Education and Training

Program Description PS3014 - Program Narrative

C. Goals, Objectives and Strategies

1. Describe the major goals/objectives of the proposed program. What activities/strategies will be implemented to meet those goals/objectives? Include a description of the talent management strategy including your LEA's approach to recruiting, hiring, and retaining qualified teachers, related to those goals/objectives.

We have started the E&T CTE pathway and are currently teaching Principles of Education and Human Growth and Development with one dual credit option. The goal of the proposed program would be to grow this pathway with experienced educators who have passion for education to teach the higher levels of this CTE pathway and provide a practicum opportunity. Another short term goal is to increase participation with growing interest for incoming freshman. Long term, the goal is to recruit graduates of this program to be teachers at the district.

With the stipends provided by the grant, we will have more resources to grow into the next levels of the E&T pathway including Instructional Practices and a Practicum in Education and Training. The stipends will support one teacher doing the early level courses and a second teacher doing dual credit courses in a partnership with El Paso Community College. We will also be able to provide a stipend to support a field educator, who will come out of our leadership staff. This strategy will allow us to provide our students with educators who are passionate about this profession and committed to staying with the district to teach these courses, providing consistency in the pathway and stronger connections with the institute of higher learning we use for dual credit and potentially teaching certification for graduates.

2. Please continue the response here if needed. Please enter N/A if the additional space is not needed.

As for increasing participation for this career path, we will launch a recruitment plan in our middle school to make students aware of this pathway offered to them in high school. Once we have students doing field placements, we can put them in our middle school, so the middle school students will actually see their older peers tutoring and teaching, providing another recruitment strategy. Finally, for students who complete this pathway and finish their bachelors degree, we can establish a system that would allow them to teach at our district. We often recruit alumni who were outstanding students to tutor when they are pursuing their bachelors degree. Our approach to hiring teachers regularly comes from selecting our top tutors to become teachers when they get qualified for the position. We know our graduates who return to tutor have a higher investment in the school due to their own experiences, so this will relate to higher teacher retention rates as well.

D. Performance and Evaluation Measures

1. Describe the performance measures identified for this program which are related to student outcomes and are consistent with the purpose of the program. Include the tools used to measure performance, as well as the processes that will be used to ensure the effectiveness of project objectives and strategies.

The ultimate goal of the program is to get more students completing the E&T pathway and ultimately choosing to pursue a career in the field of education. To get there, we will look at a number of measures. The first will be what percentage of students who start the pathway in Principles of Education end up completing the pathway. This can be broken down looking at students who go from Level 1 to Level 2 and on each year. For every student who does not choose to continue the pathway, we will administer an exit survey through the counselor to see if it is due to lack of interest or inability to maintain a satisfactory grade. As they go through each level, surveying every student who withdraws from this pathway will allow us to address issues that may be causing students to leave the pathway and address them. Upon completion of the pathway, students will be encouraged to return as tutors if applicable as they pursue their bachelors degree either during the school year if they are local or in the summer months. Finally, as much as possible, we will track the degrees of students completing this pathway within our district to see how many go on to work in education, ideally recruiting 10% of graduating students to return to be teachers in our own district. Regarding the goal of increasing numbers of students in the pathway, we will seek 50% increase of students enrolled in the pathway by the end of the grant which will be measured by enrollment numbers as tracked by the counselor.

Organization: BURNHAM WOOD CHARTER SCHOOL DISTRICT **County District:** 071801
Campus/Site: N/A **ESC Region:** 19
Vendor ID: 1742855052 **School Year:** 2023-2024

SAS#: ETHSAA24

2024-2026 Grow Your Own High School Education and Training

Program Description PS3014 - Program Narrative

E. Budget Narrative

1. Describe how the proposed budget will meet the needs and goals of the program, including for staffing, supplies and materials, contracts, travel, etc. If applicable, include a high-level snapshot of funds currently allocated to similar programs. Include a short narrative describing how adjustments will be made in the future to meet needs. This question has been broken into two sections. Please enter "NA" for the second section if the additional space is not needed. Outline the proposed budget and amounts for funding the grant program through the following allowable uses: a. Education and Training stipend(s) disbursed over the two-year grant timeline and no earlier than Fall 2024 b. Education and Training field site teacher stipend(s) disbursed within the first, second, or both years of the grant timeline (specify accordingly) and no earlier than Fall 2024

We will have 2 teachers in the E&T pathways - 1 teaching the lower level, non-dual credit courses and 1 teaching the higher-level dual credit courses. Over the two year grant-timeline, the non-dual credit teacher will receive \$2,500 each year for a total stipend of \$5,000. The dual-credit teacher will receive \$5,500 each year of the grant for a total of \$11,000. The field teacher will receive a stipend of \$2,000 during the second year of the grant when we will provide the Education and Training Practicum course. To have future needs met, we plan for the stipends to help with the overall salary and in two years when the grant is completed be able to raise the salaries of these teachers to exceed what they were getting with the stipend to retain them.

2. c. Implementation costs, limited to: i. Student transportation to and from E&T field sites for Instructional Practices and/or Practicum courses ii. CTSO event/conference participation, membership fees, and travel costs iii. Substitute coverage for teachers to participate in implementation supports and CTSO activities d. Additional funding for high schools: i. Without existing E&T courses in the 2023-2024 school year, or ii. Implementing dual credit E&T courses beginning in the 2024-2025 school year

We are seeking \$5,000 for implementation costs. This will be spent with the majority in CTSO membership fees and participation (\$3,000), transportation (\$1,000) and supports (\$1,000). We will seek future grants or fundraising to cover costs of CTSO membership and participation after completion of the grant. Once the program is well established, there should be less need for consultation support.

2024-2026 Grow Your Own High School Education and Training

Program Description PS3014 - Program Narrative

F. Request for Grant Funds

List all of the allowable grant-related activities for which you are requesting grant funds. Include the amounts budgeted for each activity. Group similar activities and costs together under the appropriate heading. If awarded, you will be required to budget your planned expenditures in the budget schedules provided by eGrants during negotiations.

1. Payroll Costs-Include a description of the cost(s) and a dollar amount. If you will not be budgeting in this class/object code, please enter "N/A" or "\$0."

These are stipends we will be requesting for one regular E&T teacher (\$5,000), one dual credit E&T teacher (\$11,000), and one field instructor (\$2,000) for a total of \$18,000.

2. Professional and Contracted Services-Include a description of the cost(s) and a dollar amount. If you will not be budgeting in this class/object code, please enter "N/A" or "\$0."

This will be for our CTSO membership, participation, and other activities at approximately \$3,500.

3. Supplies and Materials-Include a description of the cost(s) and a dollar amount. If you will not be budgeting in this class/object code, please enter "N/A" or "\$0."

This will be for materials at \$500.

4. Other Operating Costs-Include a description of the cost(s) and a dollar amount. If you will not be budgeting in this class/object code, please enter "N/A" or "\$0."

Transportation costs at a total of \$1,000.

5. Capital Outlay-Include a description of the cost(s) and a dollar amount. If you will not be budgeting in this class/object code, please enter "N/A" or "\$0."

N/A

6. Total Grant Award Requested- Be sure to include the sum of the amounts in all class/object codes and any administrative costs in this total. Only a dollar amount will be accepted for this answer.

\$23,500.00

Organization: BURNHAM WOOD CHARTER SCHOOL DISTRICT **County District:** 071801

2024-2026 Grow Your Own High School Education and Training

Program Description PS3014 - Program Narrative

G. Additional TEA Program Requirements

1. Stipend Recipient Recruitment: Describe the plan to recruit Education and Training teachers and field site teachers who are interested and eligible in participating in the program and receiving stipends. The plan must include strategies to equitably recruit diverse individuals and identify individuals with potential criteria including a demonstrated track record of success and/or achievement, involvement in student organizations and/or school activities, strong evaluation ratings, and strong relationships with students.

We have two teachers currently teaching in the E&T pathway courses at this time and we would like to keep them. They have differing backgrounds as one is a white male with teaching experience in social studies, speech, and has served as a teacher mentor for all campuses in the district. He is completing his doctorate in education in May 2024 making him eligible to teach dual credit. He has strong relationships with students from teaching and involvement in student organizations. The other identifies as a hispanic female with her teaching degree in math. She is from the neighborhood and can relate to many of the students as far as coming from a similar background while excelling in this profession. Together, these teachers provide a wide range of experience in the field to support our students and have already shown success and experience teaching courses in this pathway. We have a number of district leaders who can serve in the role of field instructor as they have many years experience with the district in teaching and leadership roles. We would pick one with the strongest connection to the students and the community to help the students successfully navigate their field experience. Should any leave, we would seek an applicant with experience teaching in the district who has shown evidence of student success in students meeting STAAR and high evaluations that hold the certifications and degrees required to teach the courses.

2. Program Implementation Support: Describe the types of support that will be provided to Education and Training teacher stipend recipients to ensure successful implementation of the curriculum and program. The definition of successful programming should align with the major goals/objectives of the program.

Support as far as successful implementation of the curriculum and program will start with the planned summer institute and then providing planning time for the teachers and the field instructor to work together in a PLC once a month to discuss any concerns, issues, or successes in the implementation. Time will also be provided for the teacher doing dual-credit to work with the institute of higher learning to meet all required objectives to grant dual credit to the enrolled students. For scheduling support, our education consultant will ensure the master schedule fits for students to fit this pathway into their daily schedule. Recruitment of students will be done by the principal and counselor to help get students into the classes and be able to continue through successful completion of the classes. Finally, district leadership will work to identify opportunities for students in the middle and elementary schools for field experiences.
