A. Summary of Program

1. Provide an overview of the program to be implemented with grant funds. Include the overall mission and specific needs of the organization. Describe how the Grow Your Own grant will address the LEA's teacher pipeline needs.

Del Valle ISD intends to develop a program that uses grant funds to attract our current students to become educators for our district. This would create a larger pool of candidates for our teaching positions. This program would help the district fill teaching vacancies especially in hard to staff positions including but not limited to bilingual elementary positions. Del Valle ISD's mission is "To create a bi-literate, culturally responsive enhanced academic foundation by providing a future-ready education with real-world opportunities". We are specifically in need of a pipeline for Special Education and Bilingual-certified educators. According to our 2020-21 TAPR Report, 46.1% of our students are Emergent Bilingual, more than twice the amount of the state average. 15.7% of our students are receiving Special Education services compared to the 11.3% statewide average. Our Grow Your Own program Will be specifically focused on recruiting and developing a pipeline for these high needs areas impacted by the teacher shortage.

E. Budget Narrative

1. Describe how the proposed budget will meet the needs and goals of the program, including for staffing, supplies and materials, contracts, travel, etc. If applicable, include a high-level snapshot of funds currently allocated to similar programs. Include a short narrative describing how adjustments will be made in the future to meet needs. This question has been broken into two sections. Please enter "NA" for the second section if the additional space is not needed. Outline the proposed budget and amounts for funding the grant program through the following allowable uses: a. Education and Training stipend(s) disbursed over the two-year grant timeline and no earlier than Fall 2024 b. Education and Training field site teacher stipend(s) disbursed within the first, second, or both years of the grant timeline (specify accordingly) and no earlier than Fall 2024

The proposed budget will meet the needs and goals of the program by providing stipends for high quality staff to support students and continue to grow the E&T Program in Del Valle ISD. The district is currently utilizing TCLAS Decision 4 funds to support the High School programs but those funds will be ending at the beginning of next school year. Those funds have allowed our students and staff to attend TAFE and FCCLA events and become active members in those groups. Teachers are able to support students by attending field site visits and getting hands on training.

a. The budget will include stipends for 2 dual credit E&T teachers = \$22,000. We will also be requesting funds for field teacher stipends to support high quality teacher recruitment for field teachers= \$2,000. There will be a required MOU for teachers receiving stipends to remain with the district for two school years. DVISD's Director of HR is working closely with several Higher Ed partners to continue to create opportunities for our students and teachers to meet the needs of our district as a whole. This is a priority for our district so we will continue to seek funding or allocate other funding sources to help continue this important work. With the loss of many COVID related funding sources we will be working with our school board to also identify other sources as we move forward.

2. c. Implementation costs, limited to: i. Student transportation to and from E&T field sites for Instructional Practices and/or Practicum courses ii. CTSO event/conference participation, membership fees, and travel costs iii. Substitute coverage for teachers to participate in implementation supports and CTSO activities d. Additional funding for high schools: i. Without existing E&T courses in the 2023-2024 school year, or ii. Implementing dual credit E&T courses beginning in the 2024-2025 school year

Implementation costs will be utilized in the total of \$7,000; \$5,000 for CTSO events, transportation to E&T field sites, and student and staff participation in FCCLA and TAFE events and membership fees. \$2,000 will be requested for the implementation of dual credit E&T courses in the 2024-2025 school year.

G. Additional TEA Program Requirements

1. Stipend Recipient Recruitment: Describe the plan to recruit Education and Training teachers and field site teachers who are interested and eligible in participating in the program and receiving stipends. The plan must include strategies to equitably recruit diverse individuals and identify individuals with potential criteria including a demonstrated track record of success and/or achievement, involvement in student organizations and/or school activities, strong evaluation ratings, and strong relationships with students.

Del Valle ISD will focus on recruiting candidates that reflect the diversity of the student and community population.

The District incorporates the following recruitment best practices:

- analyze data - number of teacher openings expected by grades levels and content areas;
- recruitment calendar - DVISD has already started the recruitment process for this grant by holding informational interest meetings;
- online marketing - sending recruitment fliers to all DVISD employees through the District's email system;
- building pipelines - employee referrals and growing an internal pipeline through the Grow Your Own Grant program; and

- building a community around talent - growing our own teachers by offering stipends and support through coaching and mentoring programs

The district will incorporate a researched-based process to select the appropriate individuals. When selecting for a teacher of record for the education and training courses, priority will be given to

those demonstrating an overall Distinguished or Accomplished rating. Teachers that meet these standards on their last performance assessment will be

considered as long as they received a Distinguished and/or Accomplished rating in following areas: Goal Setting; Content Knowledge and Expertise;

Communication; Managing Student Behavior; Classroom Culture; Classroom Environment, Routines, and Procedures; and Differentiation.

Additionally, teachers that demonstrate: a successful record of measurable student achievement

2. Program Implementation Support: Describe the types of support that will be provided to Education and Training teacher stipend recipients to ensure successful implementation of the curriculum and program. The definition of successful programming should align with the major goals/objectives of the program.

DVISD will provide support for teachers teaching education courses for dual credit: The District employs a Career Technical Education Coordinator who is responsible for assisting CTE teachers in administering, monitoring and implementing the requirements for a quality CTE program and all grant requirements.

The district also employs a CTE Instructional Specialist at the high school who is responsible for coaching, supporting, and guiding secondary teachers in

authentic problem based and best practices in CTE. In addition, the district employs a State and Federal Programs Director,

who provides support to the teachers in submitting grant documentation, purchase orders, and managing the grant budget.
