1. Provide an overview of the program to be implemented with grant funds. Include the overall mission and specific needs of the organization. Describe how the Grow Your Own grant will address the LEA's teacher pipeline needs.

The Grow Your Own Program for Evadale ISD will be a two-fold effort: 1.) High School students will be recruited into the Teacher Pathway to build interest in the teaching profession during their High School career, and then after graduation, desire to pursue a teaching career. 2.) Through the EHS Vocational Teaching Pathway, EHS students with interest in a teaching career will funnel through the Education and Training Program, and with possible dual-credit coursework, then pursue a post-secondary degree in teaching. By utilizing the Field Site piece in the Teaching Pathway, observing actual classroom activity, students then choose to follow-up after graduation as a Paraprofessional, an Instructional Aide, or a Long-term Substitute teacher, enroll in an IHE or an EPP to acquire a teaching degree. As a teaching employee at EISD, administration will evaluate and determine those candidates qualifying for the GYO Program.

D. Performance and Evaluation Measures

1. Describe the performance measures identified for this program which are related to student outcomes and are consistent with the purpose of the program. Include the tools used to measure performance, as well as the processes that will be used to ensure the effectiveness of project objectives and strategies.

Evadale ISD is intentional with regard to the method for which EHS students are recruited, prepared, tracked, and directed to achieve a post-secondary degree. Strong, solid course instruction, teacher modeling, and career counseling are the benefit of all students graduating from EHS. With the assurance of the well defined Teaching Pathway, a potential future GYO Teacher Candidate is tracked and monitored by his/her successful completion of classwork and fieldwork. By the progression through the Education and Training path and upon HS graduation, the student then enrolls in an EPP to pursue a teaching degree, complete required initial coursework hours, work as a Para, an Instructional Aide, or long-term Substitute, and then qualify as a GYO participant from which GYO funding from EISD is provided.

With the Evadale ISD Grow Your Own Teacher Program, an intentional, strong, stable, and diverse teacher pipeline is built from within our community geared toward the needs of our school. By building the interest in teaching from an early age, teacher shortages are met and demographic gaps are closed.

Progress Monitoring and Evaluation

To determine the success of Goal Attainment for the EISD GYO Program, the initial Enrollment data and class rolls tracked with the graduation to completion with credentials data and follow-up tracking post-secondary attainment of the teaching degree will be monitored and recorded by Administration, with continuous review and revision to ensure progr

G. Additional TEA Program Requirements

1. Stipend Recipient Recruitment: Describe the plan to recruit Education and Training teachers and field site teachers who are interested and eligible in participating in the program and receiving stipends. The plan must include strategies to equitably recruit diverse individuals and identify individuals with potential criteria including a demonstrated track record of success and/or achievement, involvement in student organizations and/or school activities, strong evaluation ratings, and strong relationships with students.

Evadale ISD is made up of a diverse population from lower economically disadvantaged families to those families that are more than blessed. Each year as our sub-populations increase, a greater demand for the sub-pop representation in staffing is needed. By reaching out to all families through the EISD website, those individuals interested in pursuing employment and possible classroom positions are increased. Candidates must demonstrate and convey a true desire to teach and must have a heart for the kids, as well as a desire and commitment to teach in EISD long term. Other must haves are the willingness to go the extra mile, put in extra time; leadership ability in and out of the classroom; and most critically-- the ability to connect with the students..

For the Education and Training teachers, the above traits are self-evident, but also must include success in the classroom through state testing, graduation rates, CTE certifications, UIL competition, all of which demonstrates the connectivity with a desire for students and leading student organizations. Another plus is the T-TESS evaluations that demonstrate exemplary instructional ability. Administrators will observe staff to determine GYO candidates, interview those interested and eligible, evaluate candidates by applying the above criteria, and recommend those that qualify for placement in the GYO Program.

2. Program Implementation Support: Describe the types of support that will be provided to Education and Training teacher stipend recipients to ensure successful implementation of the curriculum and program. The definition of successful programming should align with the major goals/objectives of the program.

In order to facilitate, improve, and sustain the Grow Your Own Program beyond the timeline of the grant funding, Evadale ISD will ensure with fidelity the process adopted through the resources of the initial GYO Grant. With the initial offering of the Education and Training Pathway, students at EHS are recruited, trained, and instructed to become dynamic teachers with a heart and passion for teaching. After graduation, students are guided toward an EPP and employed, if possible, in EISD as a Paraprofessional while successfully earning the required coursework hours. At that point, identified GYO participants are enlisted and an MOU with EISD is drafted to fund the student's teaching degree with the understanding that the student will commit to teaching for two years in EISD upon completion of teaching degree work. Existing and qualifying Para's that choose to commit to pursuing a teaching degree will draft an MOU with EISD to fund the transition to a full-time, certified and degreed, teaching role, also with the understanding of agreeing to a two year commitment to teach in EISD upon completion of the teaching degree work.

With the success of the GYO Program, the fidelity of the EISD implementation of the Program, and the continuing possibility of available teaching positions each year in EISD, the Educator Pipeline is created to award those individuals from Evadale that attend EHS and graduate from EHS with a desire to teach a dedicated avenue to pursue a degree. Also, becau
