Please include complete responses for each question below.

A. Summary of Program

1. Provide an overview of the program to be implemented with grant funds. Include the overall mission and specific needs of the organization. Describe how the Grow Your Own grant will address the LEA's teacher pipeline needs.

The LEA will utilize the 2024-2026 Grow Your Own High School Education and Training grant to fund initiatives to promote high school students to complete the pathway of study in Education and Training, complete a dual-credit Instructional Practices course, obtain the Educational Aide I certification upon graduation, and as a graduate obtain employment within the LEA. This plan is Phase 1 of a long-term plan to grow our own educators. Phase 1 will focus on increasing interest and participation in the Education and Training pathway. Phase 2, which will happen during the 2026-2028 grant period, will focus on creating opportunities for aides and paraprofessionals to obtain a teaching certification. Both phases are an attempt to address the shortage of teachers in the LEA. The immediate needs for the program are to increase student participation, give students an early start on college coursework towards an education degree, and employ recent graduates as aides.

B. Qualifications and Experience for Key Personnel

1. Outline the required qualifications and experience for primary project personnel and any external consultants projected to be involved in the implementation and delivery of the program. Include whether the position is existing or proposed. C. Goals, Objectives and Strategies

1. Describe the major goals/objectives of the proposed program. What activities/strategies will be implemented to meet those goals/objectives? Include a description of the talent management strategy including your LEA's approach to recruiting, hiring, and retaining qualified teachers, related to those goals/objectives.

Pathway 1: The LEA will utilize the Education and Training pathway to introduce students to the teaching profession. Upon successful completion of the program, graduation, and completion of the Educational Aide 1 certification requirements, students will be offered employment as an educational aide by the LEA. As part of the pathway of courses, the Instructional Practices course will be offered as a dual-credit course through our IHE partner Tyler Junior College. Goal #1- By the Summer of 2026, Jacksonville high school will increase enrollment in its Education and Training courses by at least 25%. This will be accomplished by the marketing and recruitment efforts in the Education and Training program through the CTE department, and the MOU with TJC allowing students to obtain college credit. Goal #2 - By the Summer of 2026, the LEA will employ 25% of recent Education and Training pathway graduates in Educational Aide and Paraprofessional positions. This will be Phase 1 of a long-term plan to Grow-Our-Own teachers from students in our Education and Training program. Phase 2 of the plan (to be considered in the next grant cycle) will be to take our paraprofessionals from aide to teacher. The classes, field experiences and career exploration opportunities will provide students with real-world exposure to the field of education, resulting in a realistic transition to the workforce and a commitment to the profession.
