

2021-2022 Summer Career and Technical Education Grant
Letter of Interest (LOI) Application Due 11:59 p.m. CT, March 28, 2022

NOGA ID [Redacted]

Authorizing legislation **General Appropriations Act, House Bill 1, Article IX, Section 18.114(c)(v)**

This LOI application must be submitted via email to loiapplications@tea.texas.gov.

The LOI application may be signed with a digital ID or it may be signed by hand. Both forms of signature are acceptable.

Application stamp-in date and time

TEA must receive the application by **11:59 p.m. CT, March 28, 2022**.

Grant period from **April 29, 2022-September 30, 2022**

Pre-award costs permitted from **Award Announcement Date**

Required Attachments

- 1. Excel workbook with the grant's budget schedules (linked along with this form on the TEA Grants Opportunities page)

See the Program Guidelines for for additional attachment information.

Select Focus Area (Applicants May Select One or Both Focus Areas)

- Focus Area 1: Career and Technical Education Course
- Focus Area 2: Work-Based Learning Experiences

Certification and Incorporation

I understand that this application constitutes an offer and, if accepted by TEA or renegotiated to acceptance, will form a binding agreement. I hereby certify that the information contained in this application is, to the best of my knowledge, correct and that the organization named above has authorized me as its representative to obligate this organization in a legally binding contractual agreement. I certify that any ensuing program and activity will be conducted in accordance and compliance with all applicable federal and state laws and regulations.

I further certify my acceptance of the requirements conveyed in the following portions of the LOI application, as applicable, and that these documents are incorporated by reference as part of the LOI application and Notice of Grant Award (NOGA):

- LOI application, guidelines, and instructions
- Debarment and Suspension Certification
- General and application-specific Provisions and Assurances
- Lobbying Certification

Authorized Official Name Title

Email Phone

Signature Date

Shared Services Arrangements

Shared services arrangements (SSAs) are permitted for this grant. **Check the box below if applying as fiscal agent.**

The LEA or ESC submitting this application is the fiscal agent of a planned SSA. All participating agencies will enter into a written SSA agreement describing the fiscal agent and SSA member responsibilities. All participants understand that the "Shared Services Arrangement Attachment" must be completed and signed by all SSA members, and submitted to TEA before the NOGA is issued.

Statutory/Program Assurances

The following assurances apply to this program. In order to meet the requirements of the program, the applicant must comply with these assurances.

Check each of the following boxes to indicate your compliance.

- 1. The applicant provides assurance that program funds will supplement (increase the level of service), and not supplant (replace) state mandates, State Board of Education rules, and activities previously conducted with state or local funds. The applicant provides assurance that state or local funds may not be decreased or diverted for other purposes merely because of the availability of these funds. The applicant provides assurance that program services and activities to be funded from this LOI will be supplementary to existing services and activities and will not be used for any services or activities required by state law, State Board of Education rules, or local policy.
- 2. The applicant provides assurance that the application does not contain any information that would be protected by the Family Educational Rights and Privacy Act (FERPA) from general release to the public.
- 3. The applicant provides assurance to adhere to all the Statutory and TEA Program requirements as noted in the 2021-2022 Summer Career and Technical Education Grant Program Guidelines.
- 4. The applicant provides assurance to adhere to all the Performance Measures, as noted in the 2021-2022 Summer Career and Technical Education Grant Program Guidelines, and shall provide to TEA, upon request, any performance data necessary to assess the success of the program.
- 5. The applicant provides assurance that curriculum will be appropriately aligned to regional labor market supported CTE programs of study.
- 6. The applicant provides assurance to provide data to TEA on student completion of courses through a special collection process run by TEA.
- 7. The applicant assures that any Electronic Information Resources (EIR) produced as part of this agreement will comply with the State of Texas Accessibility requirements as specified in 1 TAC 206, 1 TAC Chapter 213, Federal Section 508 standards, and the WCAG 2.0 AA Accessibility Guidelines.

Summary of Program

Provide an overview of the program to be implemented with grant funds. Include the overall mission and specific needs of the organization. Describe how the program will address the mission and needs. **NOTE: If applying for both Focus Areas, applicant must CLEARLY distinguish between the two in your response.**

La Villa ISD plans to use this grant opportunity to implement a paid summer internship program (Focus Area 2, with the Career Preparation course) in partnership with La Feria ISD. At La Villa ISD, we are committed to providing an environment of academic excellence where rigorous instruction is delivered in every classroom. Our mission is to create equitable opportunities for our students in order for them to be prepared for college, career, or the military and tomorrow's global workforce. Our goal is for every student to earn a viable diploma and associate degree or at minimum 12 college credit hours, a certificate(s) and/or endorsement(s) necessary to be successful as they pursue family-sustaining careers aiding in the transformation of our community. This grant meets the goals of our district by providing work experience to students and allowing them to gain knowledge and understanding of high-wage, high-demand industries in our region. Our district leaders believe it is valuable to offer Career Preparation I, along with virtual work-based learning, to give our students the chance to explore careers and industries while learning valuable skills in remote communication and collaboration. Because our students are majority economically disadvantaged and have lived most of their lives in our rural town, many of our students are in need of work-based learning experiences to expand their perspectives on career pathways. Additionally, we are in need of an innovative opportunity to engage students during the summer in a way that will prepare them to work in a global economy and remote positions. This virtual internship will provide opportunities for 30 students to learn and practice transferable employability skills. La Feria ISD offers programs of study in Law Enforcement (Law and Public Safety) and Health Science (Nursing Science). In the 2022-2023 school year, La Villa is going to launch a P-TECH Nursing Science Program of Study (Health Science). These are both popular programs of study for the students from our school districts due to the close proximity to a large prison, the US-Mexico borders, and major healthcare employers. Because these programs provide strong student career pathways, our districts are in need of targeted college/career advising materials to help recruit students to the programs. We will use grant funds to pay student interns to do research on careers in Law and Public Service and Health Science for La Villa ISD (the internship provider) while learning the knowledge and skills associated with the Career Preparation I course. The program/internship will require 90 hours of work from the students over five weeks. Students will learn and practice virtual collaboration skills to work as a team and produce accurate, factual, and relevant college and career advising materials. Student interns will gain knowledge about college and career options, learn how to identify and analyze labor market data, and produce digital resources for college and career advising. We are designing this experience based on a virtual internship because we believe it is important to provide our students with experience in working remotely given many jobs in today's economy.

Qualifications and Experience for Key Personnel

Outline the required qualifications and experience for primary project personnel and any external consultants projected to be involved in the implementation and delivery of the program. Include whether the position is existing or proposed.

Title and Responsibilities of Position	Required Qualifications and Experience
Individual TBD, La Villa ISD teacher, will teach Career Preparation I and lead the Health Science student interns (existing position)	Teacher at La Villa ISD with credentials to teach CTE courses and experience teaching health science content; knowledge of employability skills in healthcare industry
Individual TBD, La Feria ISD teacher, will Career Preparation I and lead the Law Enforcement student interns (existing position)	Teacher at La Feria ISD with credentials to teach CTE courses and experience teaching Law and Public Safety content; knowledge of employability skills in law enforcement industry
Individual TBD, La Villa ISD, will serve as grant manager and liaison to La Feria ISD (existing position)	Staff member at La Villa ISD with knowledge of instructional practices, ability to collaborate with multiple stakeholders, and experience managing grant activities/funds
Individual TBD, La Feria ISD, will serve as liaison to La Villa ISD (existing position)	Staff member at La Feria ISD with knowledge of instructional practices, ability to collaborate with multiple stakeholders, and experience managing grant activities/funds
Lauren Dwiggin, External Consultant, will design and co-facilitate the virtual internship and analyze program outcomes (grant funded)	Experience designing and facilitating virtual work-based learning experiences and internships; experience conducting data analysis for program evaluation

Goals, Objectives, and Strategies

Describe the major goals/objectives of the proposed program. What activities/strategies will be implemented to meet those goals/objectives? **NOTE: If applying for both Focus Areas, applicant must CLEARLY distinguish between the two in your response.**

Through this grant, the objective of La Villa ISD and La Feria ISD is to provide a Summer Virtual Internship, which will allow our students to gain exposure to and knowledge of career opportunities and employment skills within Law Enforcement and Nursing Science/Healthcare while taking the Career Preparation I course (PEIMS Service ID 12701300). Our goals are the following: By August 2022, 30 students from La Villa ISD and La Feria ISD (goal = 15 students from each district) will have participated in and completed requirements for the Summer Virtual Internship (90 hours). All 30 students (100%) will have completed and passed the Career Preparation I course and meaningfully participated in/contributed to the development of digital college and career advising materials for La Villa ISD. All students (100%) will have received positive feedback from our internship supervisors (La Villa/La Feria ISD staff), as measured by targeted feedback. We will meet these goals and objectives by implementing the following strategies: We will ensure our teachers are equipped to teach Career Preparation I and lead the internship by providing facilitation support from an external contractor who has experience facilitating virtual internships for high school students. We will target enrollment of incoming 12th grade students who have taken at least two CTE courses within the related programs of study previously. Students will be required to demonstrate commitment for the summer. We will begin recruitment and enrollment as soon as the grant award is announced (April). We will ensure student success by providing individualized mentoring and tutoring. Finally, we will develop individualized training plans for each student to monitor progress and growth through the course of the program.

Performance and Evaluation Measures

Describe the performance measures identified for this program which are related to student outcomes and are consistent with the purpose of the program. Include the tools used to measure performance, as well as the processes that will be used to ensure the effectiveness of project objectives and strategies. **NOTE: If applying for both Focus Areas, applicant must CLEARLY distinguish between the two in your response.**

The La Villa ISD Summer Virtual Internship program will be focused on student outcomes and evaluated based on several performance measures and data points. We will collect data on the demographics of students who enroll in, participate in, and complete the program, including grade level, race/ethnicity, and economically disadvantaged status, as well as whether they have been identified as in need of special education services. We will utilize other data collected for TSDS PEIMS to provide analysis numbers for district leadership, both of our school boards, and TEA grant reporting requirements. Our goal is to have all 30 (100%) of students who participate in the program receive course credit for Career Preparation I and 100% of students to complete the 90 hour (paid) internship by August 31, 2022. We will provide additional services to students who need additional support, such as tutoring and mentoring sessions with the course teacher and/or internship facilitator. We must provide wraparound services like these in order to provide an equitable setting for all students, the majority of whom are from economically disadvantaged households. Data on all of these services will be collected by the teachers and La Villa ISD grant manager to evaluate student need and intervention. There will be formative quizzes and summative exams delivered during the course, in addition to an Internship Training Plan which will measure student competency and growth in technical skills and employability skills. These assessments will be used to guide instruction, determine intervention needs, and evaluate TEKS mastery for course credit. Students will also be graded based on their completion of the internship projects (develop digital college and career advising materials for Law Enforcement and Nursing/Health Science). To measure student learning objectives and outcomes in the internship, student internship training plans will be evaluated at the beginning and end of the internship. We will also measure whether our coursework was successful in preparing students for the work-based learning experiences. We will seek feedback from internship supervisors regarding our students behavior and internship performance to gather and analyze this data. The data will be both qualitative and quantitative and will provide insight on whether our goals, learning objectives, and student outcomes were successfully met. To further measure effectiveness, we will have our high school counselors review the developed digital materials for accuracy and deliver feedback to the students. The employability skills taught through this program will ultimately help our district lead all graduates to success in college, a career, or the military.

Budget Narrative

Describe how the proposed budget will meet the needs and goals of the program, including for staffing, supplies and materials, contracts, travel, etc. If applicable, include a high-level snapshot of funds currently allocated to similar programs. Include a short narrative describing how adjustments will be made in the future to meet needs. **NOTE: If applying for both Focus Areas, applicant must CLEARLY distinguish between the two in your response.**

Grant funding will be utilized to offer a Summer Virtual Internship program to high school students from La Villa ISD and La Feria ISD, implementing a program aligned with our districts' goals to ensure students are prepared for college, career, or the military and tomorrow's global workforce. While all students may apply for the program, our recruitment and enrollment efforts will be focused on incoming 12th grade students who have taken at least two prior CTE courses. Furthermore, we will prioritize enrollment of students who have taken CTE courses or express strong interest in the Law Enforcement (Law and Public Safety) program of study offered at La Feria ISD or the Nursing Science (Health Science) program of study which is fully offered at La Feria ISD and partially offered at La Villa ISD (full program of study is being developed/implemented through P-TECH beginning in the 2022-2023 school year).

The program will be open to 30 students from our school districts (goal = 15 students from each school district) and will last five weeks (mid-June through mid-July), leading to completion of a 90 hour virtual internship and the Career Preparation I course. We currently do not allocate funds to offer this type of program course during the school year. With this grant, we will be able to offer this opportunity during the summer and generate community buy-in to provide more innovative opportunities like this. Without summer grant funding, it would be more challenging for our rural school district to offer an internship. We do believe that we will be able to utilize data and outcomes from this program to demonstrate the need and return on investment for future funding to our school boards and communities. We hope this summer program will elevate our other CTE opportunities (nursing science, law enforcement programs of study), thus generating more student interest in CTE/career readiness and leading to more students becoming CTE concentrators and completers in future years.

In order to deliver the program, we will allocate grant funding for the following:

Extra Duty Pay for three staff members: two to teach the Career Preparation I course/lead the internships (one teacher will lead the development Law Enforcement college/career advising materials, one teacher will lead the development of Nursing/Health Science college/career advising materials) and one staff member to serve as the grant manager and lead liaison between the two districts/provide assistance monitoring student internship interactions. We believe this is necessary in order to ensure student safety and appropriate workplace behavior, as well as to guarantee a meaningful and positive work-based learning experience.

A small portion of grant funds will be allocated to pay our external contractor, CareerCraft, to design and co-facilitate the internship and serve as the intermediary between both school districts. They will also assist our teacher with preparing for the course, teaching students to read and analyze labor market data, and mentoring students. Additionally, they will assist our district with data collection and reporting, as well as program evaluation through development of Internship Training Plans and evaluation surveys to measure program outcomes.

Students will be paid a stipend of \$900 each (average of \$10/hour) for their 90 hour internship, which is allocated in the grant budget. We believe this is vital to the success of the internships because most of our students are economically disadvantaged and would otherwise be working minimum wage jobs at stores and fast food restaurants during the summer if not offered a paid internship.

Because this internship will be virtual, we will use local resources to provide laptops for students to use each day. Because the course will be delivered virtually, we will allocate grant funds to purchase online/eBook Career Preparation I instructional materials.

A small portion of funds are allocated to indirect costs.

Program Requirements

1. **Focus Area 1:** Applicants must specify which program(s) of study and the CTE course(s) in the program(s) of study that will be offered (see <https://tea.texas.gov/academics/college-career-and-military-prep/career-and-technical-education/cte-programs-of-study> for a list of the approved statewide programs of study). Include the number of students who be engaged and supported in this focus area.

N/A

2. **Focus Area 2:** Applicants must specify business and industry partners who will be involved in the program. Additionally, specify the work-based learning model(s) which will be utilized and the number of students who will be engaged and supported.

La Villa ISD will utilize these grant funds to implement the work-based learning model of student paid internships alongside Career Preparation I course instruction. Due to ongoing requests for virtual learning options from our communities, we are proposing to provide a virtual internship (90 hours) to students this summer. This grant will provide necessary funds to implement a virtual summer internship for high school students from La Villa ISD and La Feria ISD. The internship program will last five weeks and enroll 30 students (goal = 15 students from each school district). The Summer Internship Program will be anchored in Career Preparation I, which will provide course credit for students. Course content will be delivered over the five week timeframe. Alongside the TEKS requirements, students will be employed as interns via a virtual internship with La Villa ISD serving as the internship provider and employer of record. The internship will center on our students developing digital (online) college and career advising materials for Law Enforcement (Law and Public Safety career cluster) and Nursing Science (Health Science career cluster) programs of study, which are aligned to district course offering and high-wage target occupations in our region. This internship will require students to develop real products which will develop critical thinking and collaboration skills while learning how to work in a remote setting. Students will conduct research to identify key information for their peers and future students to understand college and career pathways in these industries. They will work as a team to analyze labor market information/data, determine career opportunities and education requirements, and develop digital college/career advising materials that can be used by both school districts. The goal of this internship is to expose students to career opportunities that are in high-demand in our region and lead to high wage career trajectories. We believe these experiences will help our students better comprehend the Career Preparation I course content and gain awareness of career possibilities for their lives.

Appendix I: Amendment Description and Purpose (leave this section blank when completing the initial application for funding)

An amendment must be submitted when the program plan or budget is altered for the reasons described in the "When to Amend the Application" document posted on the [Administering a Grant](#) page. The following are required to be submitted for an amendment: (1) Page 1 of the application with updated contact information and current authorized official's signature and date, (2) Appendix I with changes identified and described, (3) all updated sections of the application or budget affected by the changes identified below, and, if applicable, (4) Amended Budget Request. Amendment Instructions with more details can be found on the last tab of the budget template.

To: Texas Education Agency
From: La Villa Independent School District
Subject: Internship Provider Letter of Support for 2021-2022 Summer CTE Grant _Focus Area 2

Dear Texas Education Agency,

La Villa ISD will provide summer internships to students participating in the La Villa ISD summer internship program. This is our letter of support to show that we are committed to this career learning opportunity for students as part of the 2021-2022 Summer Career and Technical Education grant.

We are looking forward to having the students as interns with us this summer.

Sincerely,

Robert Munoz, Jr.
Superintendent

Lillian Ramos, Interim Superintendent

March 23, 2022

To: La Villa Independent School District
From: La Feria Independent School District
Subject: Partner District Letter of Support for 2021-2022 Summer CTE Grant _Focus Area 2

Dear Superintendent Munoz,

La Feria ISD is honored to partner with La Villa ISD as part of the 2021-2022 Summer CTE Grant Program which will allow students from both districts to participate in a summer program involving Career Preparation and paid student internships.

Since La Villa ISD will be serving as the fiscal agent, our staff will work with your staff to finalize logistics for recruiting students for the program and providing transportation to allow students to access the program. I look forward to working with you and your team on this project.

Sincerely,

Lillian Ramos
Interim-Superintendent

Application Part 2:

2021-2022 Summer Career and Technical Education Grant

Authorized by: General Appropriations Act, House Bill 1, Article IX, Section 18.114(c)(v)

IMPORTANT NOTICE: Application Part 2 (these budget pages) is not compatible with Google Docs.

Complete the supporting budget worksheets first, i.e., 6100, 6200, 6300.... The Program Budget Summary worksheet is linked to and will auto-populate with the amounts you entered on the respective supporting budget worksheets. All budgeted amounts must be entered in whole dollar amounts. **Do not enter any cents.**

On each supporting budget worksheet, complete the Total Program Costs and Total Direct Admin Costs lines. Together these lines must equal the Grand Total otherwise the field will change color to red indicating an error. These amounts will automatically populate on the Program Budget Summary worksheet.

If pre-award costs are allowable, budget all pre-award costs in the Pre-Award Cost column on the appropriate supporting budget worksheet(s).

Payroll 6100

Complete this worksheet to request payroll costs. Do not request funds for consultants or contractors on this worksheet; those funds should be requested on the Professional and Contracted Services 6200 worksheet.

Professional and Contracted Services 6200

Complete this worksheet to request professional services, consulting services, and contracted services.

Supplies and Materials 6300

Complete this worksheet to request supplies and materials.

Other Operating Costs 6400

Complete this worksheet to request other operating costs. Be sure to comply with documentation requirements, where applicable.

Capital Outlay 6600

Complete this worksheet to request capital outlay costs.

Capital outlay means funds budgeted or expended to purchase capital assets, such as equipment, or expenditures for the acquisition cost of capital assets. Capital assets are tangible or intangible assets having a useful life of more than one year, which are valued at \$5,000 or greater per unit, or the applicant's capitalization level, whichever is less. Capital outlay may include expenditures to make improvements to capital assets that materially increase their value or useful life.

Program Budget Summary

This worksheet auto-populates from the supporting budget worksheets for Program Costs, Direct Admin Costs, and Pre-award Costs, if applicable. There are only a few fields that may require input from the grantee, if applicable, such as indicating *Consolidate Administrative Funds*, *Indirect Costs*, *Shared Services Arrangement*, or the *Administrative Cost Calculation*.

Indirect Costs - Neither direct nor indirect administrative costs may be charged to this grant program.

[Maximum Indirect Cost Workbook link.](#)

Shared Services Arrangement - If applicable, enter amount of payments to member districts on line 9.

Administrative Cost Calculation - Neither direct nor indirect administrative costs may be charged to this grant program.

For further guidance, refer to the [Budgeting Costs Guidance Handbook](#).

SUBMITTING AN AMENDMENT

This worksheet is used to amend the budget of a grant application that has been approved by TEA and issued a Notice of Grant Award (NOGA). Refer to the amendment instructions located on the last page of this Excel document for information on what schedules must be submitted with an amendment.
An amendment may be submitted by mail or by fax. Do not submit the same amendment by both methods. Amendments submitted via email will not be accepted.

If the amendment is mailed, submit three copies of each schedule pertinent to the amendment to the following address:
Document Control Center, Grants Administration Division,
Texas Education Agency, 1701 N. Congress Ave.,
Austin, TX 78701-1494.

If the amendment is faxed, submit one copy of each schedule pertinent to the amendment to either of the following fax numbers: (512) 463-9811 or (512) 463-9564.

The last day to submit an amendment to TEA is listed on the TEA Grant Opportunities page. An amendment is effective on the day TEA receives it in substantially approvable form. All amendments are subject to review and approval by TEA.

WHEN TO SUBMIT AN AMENDMENT

For all grants, regardless of dollar amount, prior written approval is required to make certain changes to the application. Refer to the "When to Amend the Application" guidance posted in the Amendment Submission Guidance section of the Grants Administration Division's Administering a Grant page to determine when an amendment is required for this grant.

Revised Budget Request

Description	Class/ Object Code	A. Grand Total from Previously Approved Budget	B. Amount Deleted	C. Amount Added	D. New Grand Total
1 Payroll Costs	6100				\$ -
2 Professional and Contracted Services	6200				\$ -
3 Supplies and Materials	6300				\$ -
4 Other Operating Costs	6400				\$ -
5 Capital Outlay	6600				\$ -
6	Total Direct Costs:	\$ -	\$ -	\$ -	\$ -

FOR TEA USE ONLY

Instructions: Request for Amendment

After the original application is approved and the grantee has received the Notice of Grant Award (NOGA), the grantee may need to make changes to the budget or the planned program. Most grantees are permitted to make some changes to the budget or program without notifying or getting approval from TEA. (Some grantees are required to notify and get approval from TEA for all changes to their budget or programs.) In other cases, however, the grantee is required to submit formal notice to TEA of the desire or intent to change the budget or program.

Refer to the Amendment Submission Guidance section of the Administering a Grant page of the TEA website. The guidance titled "When to Amend the Application" provides details on which grantees are and are not required to submit amendments and when amendments are required. Also refer to the General and Fiscal Guidelines, Amending the Application, for more detailed information about amendments.

Regardless of how a grantee amends the application to distribute funds among the class/object codes, the grantee is still responsible for carrying out the scope and objectives of the grant as described in the approved application.

TEA reserves the right to reject unnecessary amendments without reviewing and approving them.

Submitting an Amendment

An amendment must be submitted when the program plan or budget is altered for the reasons described in the "When to Amend the Application" guidance posted in the Amendment Submission Guidance section of the Administering a Grant page of the TEA website.

How to Submit an Amendment

An amendment may be submitted by email to competitivegrants@tea.texas.gov.

Pages to Include with an Amendment

*Required for **all** amendment requests*

1. Page one of the application with an updated signature and date
2. Appendix I of the application: Negotiation and Amendments

Required for budget amendment requests

3. Request for Amendment excel page
4. Program Budget Summary
5. Supporting budget pages

Assembling the Amendment

Follow these steps to complete all schedules required to be submitted:

1. Complete page 1
 - a. Complete the box in the upper right corner of the schedule by indicating the number of the amendment. The first amendment you submit for the grant is #1; if that amendment is approved, the next amendment becomes #2.
 - b. Ensure all applicant information is current and correct.
 - c. Ensure the authorized official information is current and correct. The authorized official must sign and date with the date that the amendment is being submitted.
2. Complete Appendix 1: Negotiation and Amendments
 - a. Choose the section you wish to amend from the drop down menu
 - b. Describe the changes you are making and the reason for the changes. Always work with the most recent negotiated or amended application. If you are requesting a revised budget, please include the budget attachments with your amendment.
(example) Payroll 6300 —Reduce amount for extra-duty pay—Staff was able to complete training during regular working hours.
3. If you are requesting a budget change, complete the Request for Amendment budget page
 - a. In column A, enter the grand total for each class/object code in the most recently approved application or amendment.
 - b. In column B, enter the amount being deleted from each class/object code.
 - c. In column C, enter the amount being added to each class/object code.
 - d. Column D and the total direct cost line will automatically calculate your changes
4. If you are requesting a budget change, complete the Program Budget Summary page and the corresponding supporting budget page. For each class/object code on the budget summary, strike through the previously approved amount and enter the new budgeted amounts. The total budgeted cost for each class/object code on the budget summary must match the grand total for each supporting budget page.
5. Do not resubmit any attachments required in the original application.
