**Summary of Program**

1. Describe how the LEA will support campus(es) in carrying out school improvement activities, including how the LEA will help develop a Targeted Improvement Plan for the eligible campus(es) selected for this grant.

The LEA will support by ensuring that the resources needed are provided and we are able to progress with the Targeted Improvement Plans for our campuses. We will meet with the leadership teams to ensure that we set targets and follow up with progress. We will gauge where we are at each checkpoint and make any adjustments as needed. We will utilize our district staff to assist with implementation and support the campus leaders as needed.

2. Describe how the LEA will monitor schools receiving the ESF-Focused Support Grant, including how the LEA will: (a) Monitor Targeted Improvement Plans upon submission and during implementation, and (b) Implement additional actions as needed to meet barriers and challenges, after the first year of the grant cycle.

In the development of the Targeted Improvement Plans, we will set with the targets for each campus. We will discuss the plan and how they plan to implement interventions to meet the targets. We will have check in meetings with the campus leadership teams periodically to ensure we are still on target for plans. During our leadership meetings we will discuss how we can target PLCs and develop a campus plan for each campus. While we are implementing the grant, we will utilize the district staff to assist the campuses with implementation. If any barriers and challenges arise, we will utilize our ESC regional center for guidance and implement the actions swiftly.

**Goals, Objectives, and Strategies, Performance and Evaluation**

1. Describe how the LEA will modify, as appropriate, practices and policies to provide operational flexibility to the awarded campus, that enables full and effective implementation of the Effective Schools Framework Essential Actions and aligned Targeted Improvement Plan.

As we begin to develop campus schedules, we will plan out the PLC schedules to ensure we have adequate time to implement the grant. The goal is to develop our teachers so they can provide effective instruction to all students. To ensure that we are able to maintain this goal we will plan for that allotted time for teachers to be successful on each campus. We will also implement these strategies in the campuses Targeted Improvement Plan.

**Budget Narrative**

1. Describe how the proposed budget will meet the needs and goals of the program, including staffing, supplies and materials, contracts, travel, etc. Include a short narrative describing how adjustments will be made in the future to meet needs.

This budget will allow us with the additional funding to help with summer professional development, supplies and materials, and contract services to help implement new strategies for our teachers to use in their classrooms. We have lots of first year teachers that we are still developing with the foundations of teaching. We need the additional funds to provide them with resources and coaching. As we move out of the grant stage, we will continue to use the practices that we will implement in all of our future PLCs. We will use these new strategies as the blueprint for our campus.

**Budget Narrative, cont'd.**

2. Describe how the LEA will ensure campus leaders have direct access to grant funding to ensure alignment to the Targeted Improvement Plan.

The campus leaders will receive updates on the budget and will be allowed to utilize the funds as needed. The Grant coordinator will ensure that each item purchased is an allowable expense. They will be in constant communication with the campus leaders to ensure they know how much money they have. We will meet at the beginning of the cycle to plan out what they can purchase and then have checkpoints in between to purchase additional items.
