3. Shared Services Arrangements	

Shared services arrangements (SSAs) are/are not permitted for this grant.

## 4. Identify/Address Needs

List up to three quantifiable needs, as identified in your needs assessment, that these program funds will address. Describe your plan for addressing each need.

Quantifiable Need	Plan for Addressing Need
Seguin Elementary struggled to meet Reading grade	Seguin Elementary serves 98.3% economically disadvantaged students. Seguin
	Elementary teachers will prioritize high-quality instructional materials, research- based instructional strategies through differentiated instruction, multiple reading
creating an 12-point gap below the state average.	opportunities, cross-curriculum integrated reading, and tailored skill-based group instruction. These strategies are integrated into the school's reading curriculum.
only 31% of all students meeting the standard,	Seguin Elem., teachers will emphasize individualized explicit math instruction, driven by various assessments, including formative assessment. Additional approaches like the Concrete–Visual–Abstract (CVA) sequence will be applied, and professional development will align with evidence-based math instruction.
evel expectations for Science during the 22-23 STAAR	Seguin Elementary teachers will be emphasizing science instruction by employing evidence-based strategies and routines, and exploring real-world phenomena that will engage students and enhance vital learning skills, placing a heightened
	focus on science. Professional development will center on evidence-based science

### 5. SMART Goals

1. Describe the summative SMART goal (a goal that is Specific, Measurable, Achievable, Relevant, and Timely) you have identified for this program related to student outcomes.

By spring 2025, Seguin Elementary aims to elevate student performance levels at "Meets Expectations" by 5% in each of the core subjects assessed on the STAAR.

2. Describe 3-5 SMART goals related to project implementation. Ensure that these goals are aligned to the purpose of the grant.

#	Implementation SMART Goal	Progress Measure
1.	By the Spring 2025, 46% of all students who are assessed will meet grade-level standard on the STAAR Reading assessment.	Seguin Elementary will monitor progress using formative and summative reading assessments.
2.	By the Spring 2025, 36% of all students who are assessed will meet grade-level standard on the STAAR Math assessment.	Seguin Elementary will monitor progress using formative and summative math assessments.
3.	By the Spring 2025, 25% of all students who are assessed will meet grade-level standard on the STAAR Science assessment.	Seguin Elementary will monitor progress using formative and summative science ssessments.

CDN 108912	Vendor ID	74-6001550	Amendment #	

### 6. Measurable Progress

Describe 3-5 quarterly benchmarks you will use throughout the grant period to measure progress toward your student outcome SMART goal. For this grant the quarters are as follows: 1st Quarter = Beginning of Grant to 8/31/2024, 2nd Quarter = 9/01/2024 to 12/31/2024; 3rd Quarter = 1/01/2025 to 4/30/2025 and 4th Quarter = 5/01/2025 to 9/30/2025.

#	Benchmark Used	Goal
1.	1st Quarter (By 8/31/24) Campus-Based Assessment	Seguin Elementary will utilize the performance percentage of all students on the 1st Quarter Benchmark as a baseline for instructional purposes.
2.	2nd Quarter (9/1/24-12/31/24) STAAR Interim Assessments (Windows 1 and 2 in November/December)	Seguin Elementary performance percentage for all students on the 2nd Quarter Benchmark will be 10% points away from our goal at the "Meets" performance level in tested subjects.
3.	3rd Quarter (1/1/25-4/30/25) 2024 STAAR Release Assessments (In January/February)	Seguin Elementary performance percentage for all students on the 3rd Quarter Benchmark will be 5% points away from our goal at the "Meets" performance level in tested subjects.
4.		
5.		

# 7. Project Evaluation and Modification

Describe how you will use project evaluation data to determine when and how to modify your program. If your benchmarks or summative SMART goals do not show progress, describe how you will use evaluation data to modify your program for sustainability.

Region One Project Director will be responsible for creating an implementation committee that will work with him/her to monitor the progress towards the partnership goals. Together with the Seguin Elementary staff, the Project Director and the Implementation Committee will review campus data and establish growth measures for each of the goals. Seguin Elementary staff will focus on professional development to empower teachers in utilizing student data for informed and enhanced teaching methods. There will be an emphasis on tailoring teaching methods to encourage student achievement and providing teachers with the skills to evaluate and refine their approach to learning. The collaborative approach through Professional Learning Communities (PLCs) for data review and addressing individual student needs will be led by the Instructional Coach. The process of sharing data after benchmarks and the subsequent analysis to identify patterns and trends, along with the comparison analysis of each grade level and tested subject, will provide teachers with a data-driven and systematic approach to improving student success. The implementation of individualized learning plans for students who may not meet quarterly benchmarks will be a proactive and targeted approach to addressing specific student needs. This approach is well-structured and designed to create a supportive and collaborative environment for continuous improvement in teaching and learning outcomes at Seguin Elementary.

# 8. Statutory/Program Assurances

The following assurances apply to this grant program. In order to meet the requirements of the grant, the grantee must comply with these assurances. Check each of the following boxes to indicate your compliance.

- ∑ 1. The applicant provides assurance that program funds will supplement (increase the level of service), and not supplant (replace) state mandates, State Board of Education rules, and activities previously conducted with state or local funds. The applicant provides assurance that state or local funds may not be decreased or diverted for other purposes merely because of the availability of these funds. The applicant provides assurance that program services and activities to be funded from this grant will be supplementary to existing services and activities and will not be used for any services or activities required by state law, State Board of Education rules, or local policy.
- ≥ 2. The applicant provides assurance that the application does not contain any information that would be protected by the Family Educational Rights and Privacy Act (FERPA) from general release to the public.
- ☑ 3. The applicant provides assurance to adhere to all assurances, Statutory Requirements, TEA Program Requirements, and
  Performance Measures, as noted in the 2024–2025 Charter School Program Grant (Subchapter C) Program Guidelines, and
  shall provide the Texas Education Agency, upon request, any performance data necessary to assess the success of the
  grant program.
- ∑ 5. The applicant assures that any Electronic Information Resources (EIR) produced as part of this agreement will comply with the State of Texas Accessibility requirements as specified in 1 TAC 206, 1 TAC Chapter 213, Federal Section 508 standards, and the WCAG 2.0 AA Accessibility Guidelines.

# 9. Statutory Requirements

1. Describe the roles and responsibilities of the eligible applicant, any partner organizations, and charter management organizations, as applicable, including the administrative and contractual roles and responsibilities of such partners.

The charter will assign grant related duties to the following staff members: The Region One Education Service Center Board of Directors: The Board is responsible for governing the charter partnership between Region One Education Service Center and the La Joya Independent School district. The Board is responsible for ensuring that the school is executing its mission in all initiatives and decisions being considered. Chief Executive Officer (CEO): This individual will be authorized to ensure that the charter complies with all grant related activities, finances, and reporting. Chief Operating Officer (COO): This individual will oversee the daily operations of the campus and provide support to the principal. Principal: This individual will monitor and ensure that all grant activities are being implemented. Chief Financial Officer:(CFO): This individual will allocate the budget into approved line items, purchase grant approved materials, and pay for all contracted services, ensuring that local purchasing procedures are followed. This individual will also ensure that all program and expenditure reports are submitted to TEA and in compliance. Chief of Human Resources: This individual will ensure that all hired staff are highly qualified. District administrators will follow protocols in TEAs authorizer handbook to monitor performance progress and compliance matters.

2. Describe the quality controls agreed to between the eligible applicant and the authorized public chartering agency involved (TEA or the school district authorizer), such as a contract or performance agreement, how a school's performance in the state's accountability system and impact on student achievement (which may include student academic growth) will be one of the most important factors for renewal or revocation of the school's charter, and how the authorized public chartering agency involved (TEA or the school district authorizer) will reserve the right to revoke or not renew a school's charter based on financial, structural, or operational factors involving the management of the school.

La Joya ISD has a written and executed a performance contract with Region One Education Service Center that includes a description of how student performance will be measured. The district understands that the school's accountability performance will be one of the most important factors of the school's charter. The school will be rated under the state's A-F Accountability System. The contract outlines specific goals that record the student performance levels as measured by the current 3 domains, Student Achievement, School Progress, and Closing the Gap. The target goal of the performance contract is for Seguin Elementary to receive an overall campus rating of an "A." Additionally, La Joya ISD understands the state's FIRST financial accountability system and has maintained a rating of "A=Superior Achievement" for the past three years. Financial monitoring and procedures are maintained to assure compliance with state and federal laws. Financial audits are regularly conducted, and any outstanding issues are addressed and immediately corrected when identified.

3. Describe how the autonomy and flexibility granted to the proposed charter school or high-quality charter school campus is consistent with the definition of a charter school in Section 4310, including how the proposed charter school campus will have a high degree of autonomy over budget and operations and personnel decisions. Include a detailed description of the ways in which the proposed charter school or high-quality charter school campus will be permitted to govern autonomously, as evidenced by the day-to-day decision makers at the campus and their input with regard to the school's curriculum, calendar, budget, and daily operations. For a charter school campus authorized by the local board of trustees pursuant to TEC, Chapter 12, Subchapter C, describe how this autonomy is above and beyond the degree of flexibility and autonomy afforded to traditional campuses within the school district.

Pursuant to the charter and performance contract agreed to by La Joya ISD and Region One Education Service Center, the Region One Education Service Center governing board will have a high degree of autonomy over budget and operations and personnel decisions. Seguin Elementary will have autonomy over the resources they choose that follow the district curriculum and the learning resources and materials they purchase for their campus. The daily operations may also differ from other campuses, but the district school calendar will remain the same.

9 Statutory Poquiromente Subchanter C Applicante ONI V (	Cont )

11. Describe how the district authorizer will monitor the proposed charter school campus in recruiting, enrolling, retaining, and meeting the needs of all students, including children with disabilities and English learners.

The district authorizer's ongoing monitoring is crucial for creating an inclusive charter school environment that serves the diverse needs of its student population. The district authorizer will closely oversee the proposed charter school's efforts in recruiting, enrolling, retaining, and meeting the needs of all students, including those with disabilities and English Learners. They will assess recruitment strategies, enrollment procedures, and retention practices to ensure fairness, transparency, and inclusivity. Priority will be given to programs supporting students with disabilities and English Learners, with regular evaluations and feedback sessions to foster continuous improvement and adherence to equity principles.

12. Describe the manner in which an annual independent financial audit of the campus is to be conducted. The campus charter must have a plan for an audit that is separate and apart from the district's annual financial audit.

The annual independent financial audit of the charter campus ensures transparency and fiscal responsibility. A qualified external auditor provided by the District will be selected to review financial records, transactions, and compliance. The audit will include a thorough examination of financial statements, budget practices, revenue and expenditure accounts, and adherence to regulations. The auditor will collaborate with the charter school's financial team, conduct substantive testing, and assess internal controls. The resulting audit report, including findings, recommendations, and an opinion on financial statements, will be presented to the board and stakeholders. Corrective actions are taken as needed to enhance financial management practices, ensuring ongoing compliance and transparency. The annual audit is a crucial component of the charter campus's commitment to accountability and good governance.

13. Describe the manner in which the campus will provide information necessary for the school district in which it is located to participate, as required by TEC, Chapter 12, Subchapter C, or by SBOE rule, in public education information systems (PEIMS).

Seguin Elementary is committed to submitting all required student information to the Texas Education Agency via the Public Education Information Management System (PEIMS). The district will obtain necessary data from Seguin Elementary's data entry staff or through shared access to the student information system with La Joya ISD and Region One Education Service Center. In addition to student data, Region One Education Service Center upholds high standards of financial accountability by following the Financial Integrity Rating System of Texas (FIRST) indicators. The aim is to maintain a rating equivalent to "Superior Achievement" through strong financial management and audit results. Close communication with partners, especially regarding reporting requirements through PEIMS, ensures adherence to all standards set by La Joya ISD and any additional reporting requirements as determined by the district. This commitment reflects La Joya ISD's and Region One Education Service Center's dedication to financial transparency and accountability.

14. Describe the manner in which the district will flow other federal and state funds to the proposed charter school campus. Describe the timelines for flowing the federal and state funds to the campus that will ensure students are promptly receiving the benefit of services that appropriate federal and state funds can provide.

The process of channeling federal and state funds to Seguin Elementary involves collaborative planning and communication between La Joya ISD, Region One Education Service Center, and campus. Key steps include identifying funding streams, establishing a Memorandum of Understanding, sharing accurate enrollment data, agreeing on allocation methodologies, and ensuring compliance with regulations. Securing and distributing school funds involves several steps. Federal funds are allocated annually from October 1 to September 30, with grant applications required in advance. State funds follow an annual or biennial budget cycle, distributed to districts shortly after approval. Local funding, often from property taxes, aligns with local assessment cycles. Districts allocate funds to schools through a budgeting process, allowing for planning. Ongoing monitoring ensures compliance. Annual reports detail fund usage and student outcomes. Adherence to federal and state deadlines is crucial, and awareness of legislative changes affecting timelines is essential.
