

In collaboration with the Governor’s Strike Force and the Texas Department of Emergency Management, Personal Protective Equipment (PPE) was procured to help school systems reopen for the 2020-2021 school year. This PPE is being distributed to schools as a resource, but usage is not required. Please email questions to [disasterinfo@tea.texas.gov](mailto:disasterinfo@tea.texas.gov)

Given the significant supply chain challenges in Southeast Asia, the delivery of gloves is currently unknown. We encourage you to continue your local procurement of gloves. There are no current plans to provide additional PPE, but that is subject to change as a result of the public health environment and additional funding available.

## Vendor Information

TEA has received requests to share vendor information so that LEAs can procure additional PPE or learn more about the items provided. There are 2 options we encourage you to pursue before reaching out to the vendor list:

- Inquire with your regional ESC about the possibility of procuring PPE from the ESC purchasing consortium
- Utilize the TASB BuyBoard Purchasing Cooperative at <https://www.tasb.org/services/buyboard.aspx>
